Offering Comfortable, Convenient Infusion Therapy Services

Conveniently located in the new, state-of-the-art UofL Health Care Outpatient Center, University Neurologists provide expert, subspecialty care for people with diseases of the nervous system. We also offer convenient, hospital-quality infusion services within our clinical setting where collaborative care is provided by our team of physicians and our on-site registered nurses, according to each patient’s individual treatment plan.

The infusion center provides privacy during treatment while simultaneously allowing careful patient observation. Relaxing infusion recliners and TV/DVD players are included. This arrangement offers exceptional comfort and convenience for patients and often reduces or eliminates the need for hospitalization.
