Section 1. Responsibility.

Staff Senate elections shall be the responsibility of the Credentials and Nominations Committee who shall:

a. Maintain continuing studies of the support staff structure for the purpose of obtaining equal representation on a proportional basis of support staff population of each college, school, and division (CSD) in the University.
b. Each year, obtain from University records the current CSD populations of permanent, full-time support staff employees and report to the Staff Senate the status of support staff with regard to changes in CSD structure that may affect proportional representation, and where necessary, make a report to the Staff Senate for changes in Staff Senate representation each February.
c. Each year at the regular March meeting, cause to be circulated to the Staff Senate and the support staff the number of vacancies in senate seats by CSD and the number each CSD shall be entitled to elect according to the formula set forth in Sections 3 and 4 of this Article.
d. Ensure that any challenge of the general structure of the Staff Senate or policies related to representation are reviewed by the Credentials and Nominations Committee. Upon completion of such a review, a recommendation shall be made to the Staff Senate where the challenge shall be resolved by a vote of the Staff Senate; and
e. Allow any support staff member with voting eligibility the privilege of making a challenge.

Section 2. Filing for Candidacy.

a. In accordance with Section 3 of Article III of the Constitution of the Staff Senate all permanent support staff members (provided they are not a member of any other University governing body) who have at least six months of continuous permanent University employment by July 1 shall be eligible to file for candidacy and election to the Staff Senate;
b. Each year, no later than April 15th, support staff members who desire to be candidates for election to the Staff Senate shall file their intent in writing with the Credentials and Nominations Committee;
c. If only one member files for candidacy in a CSD, he or she shall automatically take office July 1, as do regularly elected Senators, provided he or she is certified eligible by the Credentials and Nominations Committee.
d. It shall be the responsibility of the Credentials and Nominations Committee to ensure:

1. That elections commence within five working days after the May meeting and a full two weeks will be provided for voting. Ballots received after the deadline will be invalid. Voter confidentiality shall be maintained regardless of voting method.
2. That election results are sent to all candidates prior to the seating of newly elected candidates.
3. That all election results are kept on file in the Staff Senate office for three years from the date of the election.
4. That in the event of a disputed election of any candidate or any standing committee member, the election and procedures with respect to the dispute are reviewed by the Credentials and Nominations Committee, and after the review, a recommendation is made to the Staff Senate. The disputed election then shall be resolved by a vote of the Staff Senate at the next regularly scheduled meeting of the Staff Senate.

Section 3. Proportional Representation Formula.

To ensure representation of each CSD in the Staff Senate on a proportional basis with respect to its support staff population, the following formula shall be used:

a. Base Number. The maximum number of Senators authorized in Section 2 of Article III of the Staff Senate Constitution is 99; however, the base number shall be 75.

b. Minimum Entitlement. The minimum number of Senators a CSD may have is one. Subtract one for each CSD whose population is smaller than one and one-half times the total support staff population divided by the Base Number above, rounded to the nearest whole number.

Example: \( \frac{3231}{99} \times 1.5 = 48.95 \ldots = 49 \)
14 CSDs with populations less that 49 \ldots -14

c. Proportional Base. Base Number less Minimum Entitlement. 85

d. Percentage Base. Next, subtract the sum of the populations of those CSDs entitled to only one Senator, as determined above, from the total population of the University support staff eligible to vote, and round this number to the next highest one hundred.

Example: Populations of CSDs less than 49 = 367
3231 - 367 = 2864 \ldots .2900

e. Proportional Representation. Eliminate all CSDs entitled to only one
Senator and compute the number of Senators entitled to each CSD thus remaining, on the basis of the percentage of the population which they represent using the following formula rounded to the nearest whole number. 
Number of Senators = Proportional Base x Population of CSD Percentage Base

Example: School of Medicine has 507 staff members. 85/2900 x 507 = 14.86. 15 Senators

f. Final Check. When each CSD entitled to proportional representation is computed according to the Proportional Base and is totaled, and the sum when computed yields one number less than Proportional Base, the additional Senator shall be awarded to the CSD with the highest population. If the sum computed above yields more than one number greater than the Proportional Base, the Proportional Representation shall be recomputed using a different Percentage Base adjusted as follows: If the sum is greater than the Proportional Base, slightly increase the Percentage Base. If the sum is smaller than the Proportional Base, slightly decrease the Percentage Base. Then repeat the Final Check step. Example: Sum of Senators by proportion . . . . . .85

Section 4. At-Large Senate Seats.

At the conclusion of any regular or any special election, existing vacancies in the Senate seats shall be reported to the Staff Senate by the Credentials and Nominations Committee. The existing vacancies so reported shall be declared by the Chair of the Staff Senate to be "at-large" seats. Any staff member regardless of CSD and qualified in accordance with Section 2.1, Article II, may file for candidacy and election. Candidates shall be certified by the Credentials and Nominations Committee and reported to the Staff Senate where election of candidates for at-large seats shall be by vote of the Staff Senate. If only one member files for candidacy to an existing vacancy, he or she shall automatically take office, provided eligibility is certified by the Credentials and Nominations Committee. At-large senators thus elected shall assume office immediately upon election and shall fill the remainder of the term of office for the seat declared "at-large".

Section 5. Term of Office.

In accordance with Section 4 of Article III of the Constitution, Senators shall be elected for a term of two years. Terms of senators are staggered so that only one-half of the membership is elected in any one year. Senators elected or approved for appointment to a Senate appointed committee or group membership shall normally serve for one year or until their successors are appointed or elected. Senators filling a vacancy shall serve for the remainder of the one year term or until their successors are appointed or elected.
Section 6. Permanent Vacancies in the Staff Senate.

Vacancies in the Staff Senate occur when a duly authorized Staff Senator is absent from five (5) regularly scheduled Staff Senate meetings during the fiscal year (July 1 - June 30). The filling of a vacancy in the Staff Senate is the responsibility of the Credentials and Nominations Committee who shall conduct an election as soon as is practical and within one month after the CSD and the Staff Senate have been notified of the vacancy. When a Senator transfers to another CSD, the Senator will have the option to retain their seat through the end of the fiscal year. If not, then a vacancy will exist. Vacancies on Senate elected or appointed committees or group memberships shall be filled according to the procedures in these By-laws for the respective type of committee or group membership.
